## 1. TRIBE SKY BEACH CLUB

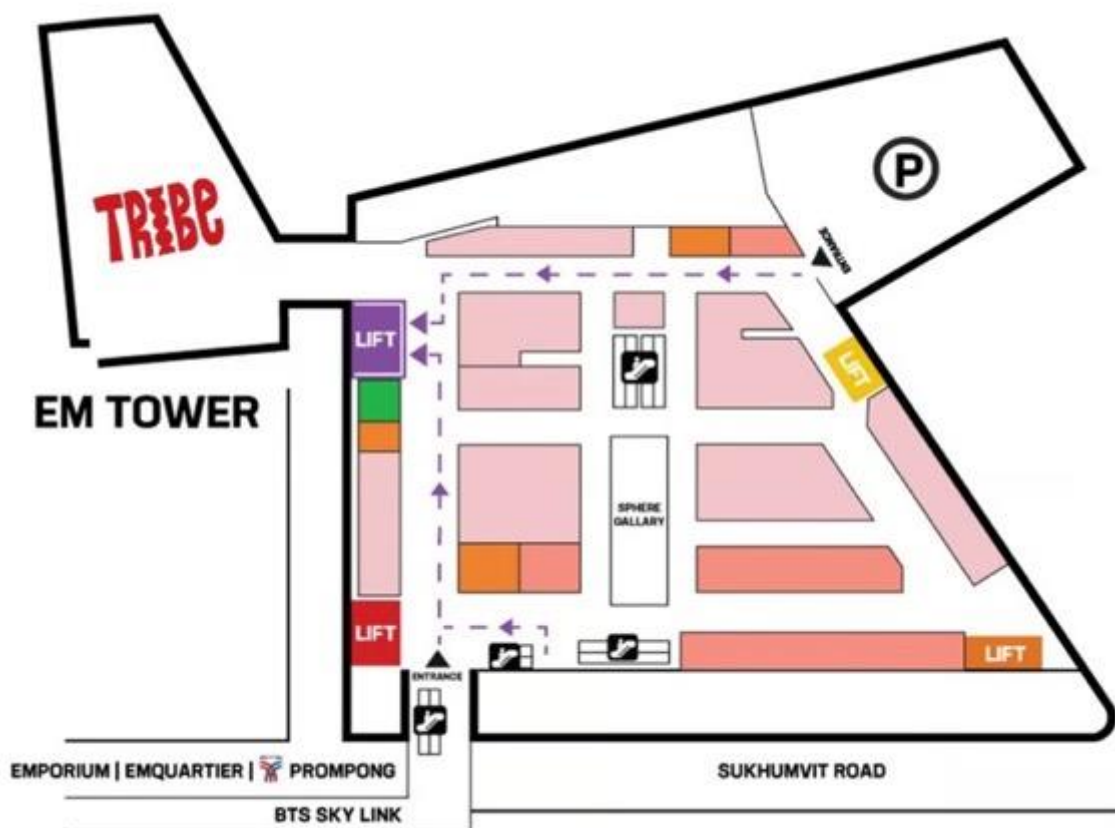

### Project Overview

Tribe Sky Beach Club has an unconventional location – on the fifth floor of a shopping mall. The standout feature of this venue is its infinity pool, which, along with chic sun loungers and a stylish bar, creates a luxurious tropical escape. Overlooking Benchasiri Park, the beach bar's interior design is a vibrant mix of tropical and tribal themes, featuring high ceilings, rattan light fixtures, tribal-patterned ceilings and lush greenery. The design also features eclectic elements like retro posters, tribal tapestries, and a large tribal mask projection, creating a dynamic and immersive atmosphere.
