Participation in the Shanghai GBE Commercial Real Estate Event

On August 7–8, 2025, GARDE East Asia members exhibited at the 13th GBE Commercial Real Estate & Retail Innovation Forum, held at the Radisson Blu Shanghai New World Hotel. The forum brought together real estate developers, design firms, manufacturers, and other industry leaders under the theme of commercial real estate and urban development. This year, participation expanded beyond real estate companies to include retailers, further enhancing opportunities for cross-industry exchange.

At the GARDE booth, the team distributed project portfolios, provided detailed explanations of design achievements, and engaged in networking initiatives, making the event a valuable opportunity to gain insights into the latest industry trends.

At the GBE Commercial Real Estate Awards 2025, two GARDE-designed projects were recognized. Yuehai Land Guangzhou received the *Commercial Complex Award*, while B bar Marunouchi was honored with the *Best Interior Design Award*.
